

## BOMBARDMENT OF TURKISH FORTS IS RESUMED BY FLEET

**Fresh Attack Follows Operations of the Mine Sweepers, Shells Burst 3 1/2 Minute.**

London, March 29.—A general bombardment of the Turkish forts on the Dardanelles was resumed on Sunday by the reinforced Anglo-French fleet. For more than five hours shells were hurled from the heavy guns of the international fleet against the Turkish forts on the narrows.

Some of the warships were at anchor in the Gulf of Saros off the northern coast of the peninsula of Gallipoli, while others stood by the western entrance of the strait.

The fresh attack against the Turkish forts followed the operations of mine sweepers on Saturday night that had penetrated as far as the mine field at Kilit-Bahr at the southern entrance of the narrows.

Details of the latest bombardment were received from Teneos. Dispatches bringing these details stated that the cannonade was opened at 9 o'clock in the morning. This fire seemed to come from the Gulf of Saros and was very violent. The weather was excellent for operations and shells in the indirect fire burst at the rate of three every minute among the batteries on the north shore of the waterway. The fire was kept up until 11:30 when there was a lull. At 12:30 the cannonade was renewed, although it was less vigorous than the bombardment of the morning. Men of war standing by the entrance of the strait directed by signal the fire of the ships in the Gulf of Saros.

Working under the protection of warships, trawlers penetrated the waterway on Saturday night and industriously swept for mines.

Unusual activity on the Anglo-

French ships at daybreak on Sunday indicated that preparations were under way for an attack. About 9 o'clock an aeroplane was seen high in the air wheeling over the Gallipoli peninsula. Immediately the Turkish high angle guns began pumping their shells into the clouds, but the aviator continued his task until he had completed his negotiations. The ships' bombardment began at once. About 11 o'clock, after a severe concentrated fire against Kilit Bahr, the Turkish guns at that point became silent.

## ROBBED WHILE HE SLUMBERED

**Henry Johnson, of Near Ashford, Loses \$35 in Bills and a Gold Watch—Sheriff May Investigate.**

While he slept some one entered the bed room of Henry Johnson, at his home near Ashford last night, and stole \$35 and a watch and left the house without awaking the occupant of the room. When he arose this morning, Mr. Johnson discovered his loss.

Mr. Johnson retired as usual last night, but left three \$10 and one \$5 bills in his vest pocket. His watch was left hanging at some point in the room. This morning Mr. Johnson found his money and watch missing. Then he realized that he had been robbed.

The Sheriff's office was notified and Sheriff John A. May went to the scene, returning this afternoon, but so far no arrests have been made in the case.

## SUMMARY OF WAR STATUS

Germany's submarine warriors have added two names to the long list of vessels they have destroyed in the waters about the British Isles. The British steamer Fulaba, one of the larger merchantmen to be sent to the bottom, was torpedoed off the coast of South Wales, probably with a heavy loss of life. The British steamship Agula was sunk in the English Channel, but her crew of twenty-three was saved.

General von Kluck, who led the advance of the German forces to the gates of Paris early in the war, has been wounded. Today's German official statement says he was injured slightly by shrapnel and that his condition is satisfactory.

The new German offensive in Poland has led to sharp fighting, in which the Russians are said in Berlin to have suffered heavy losses. The German war office announces that Tauraggen, Russia, across the East Prussian border, was stormed successfully.

In France and Belgium minor engagements continue. Although the struggles are becoming violent at times, no accomplishments of importance are claimed at Paris or Berlin.

From Petrograd it is reported that the Russian Baltic fleet has been reinforced. London interprets this announcement to mean that four possible eight dreadnaughts which were under construction have been put in commission.

land have returned to the attack, centering their movement in the region of the Elwa River near the Prussian border. An official Petrograd announcement says the Germans failed in an assault made with a division of infantry and that the Russians, advancing in turn, compelled their opponents at one point to abandon their first line trenches. The claim is made also that further south on the Pilia German forces were put to flight.

The Petrograd version of the fighting in the Carpathians represents that victories have been won at several points, giving the Russians access to Northern Hungary. So far as is known, however, no considerable movement in that direction has been inaugurated, and Vienna insists that the Austrians have gained successes in the mountain fighting.

Some of the Turkish forts at the Dardanelles were bombarded yesterday by indirect fire from the Gulf of Saros, but the Allied warships did not attempt to enter the straits. Two French battleships, damaged in previous fighting, proved to have suffered so severely that, according to a Paris dispatch, they are to be returned to France and be put in drydock.

Italy has decreed a strict censorship on military news, beginning March 31. A paper in Paris publishes an unconfirmed report that Austria has agreed to cede part of Trent to Italy at the close of the war in return for

## PREPARATIONS ARE COMPLETE

**"Gland Hand Committee" Will Meet Delegates to S. B. Convention Here and Conduct Them to Registration Headquarters.**

All preparations are now complete for the approaching State Sunday School Convention to be held in Dothan from Tuesday to Friday, April 6, to 9 inclusive, so said General Secretary Leon C. Palmer, of the Alabama Sunday School Association yesterday. Reduced railroad rates of little more than half price have been granted by the railroads. The local committee of arrangement, headed by H. R. McClintock, of Dothan, has made splendid provision for the comfort and convenience of all delegates, including a "Gland hand committee" to meet all trains day and night, and conduct delegates to registration headquarters and to their homes. Entertainment is furnished at the rate of \$1.00 per day and up.

A four day program has been arranged, the first day being devoted to the "State Adult Class Convention," which is the first meeting of its character to be held anywhere in the United States.

W. C. Pearce of Chicago, the Adult Division Superintendent of International Sunday School Association, will make a special trip to Alabama to attend the Adult Bible Class Convention and will speak four times on that day. He will not be present at any other session of the Convention.

John L. Alexander, of Chicago, Secondary Division Superintendent of the International Sunday School Association, considered by many the leading expert in the world in work for "Teen-age" boys and girls, will attend the general Convention Wednesday, Thursday and Friday, April 7, 8, 9, and will speak several times daily, on various phases of modern Sunday School work for "Teen-age" boys and girls.

Dr. W. J. McGoethlin, of the Southern Baptist Theological Seminary, Louisville, will give a series of five lectures covering the entire International uniform lessons from the Old Testament for 1915.

Miss Minnie E. Kennedy, General Secretary of the Birmingham Sunday School Association, will speak on "Graded Lessons as a System of Religious Education," and "The Educational Value of Music," and "Sunday School Architecture and Equipment." S. A. Russell, of Anniston, the first employed secretary of the Alabama Sunday School Association, will speak on "The Challenge of the Twentieth Century to the Twentieth Century Sunday School." The early morning convocation services for all three days of the Convention will be in charge of Dr. B. J. Bateman, pastor of the Troy Baptist church. The opening address of the Adult Bible Class Convention will be given by Prof. F. E. Chapman of the Southern University, on "The Adult Bible Class, its Achievements and Possibilities." The opening address of the general convention will be given by E. L. Dodson, president of the Tuscaloosa County Sunday School Association, on "The Convention Key-word—Efficiency." Altogether between sixty and seventy leading Sunday School workers of Alabama and other states are on the program.

A prominent feature of the convention will be the music, led by Prof. F. O. Excell, of Chicago, assisted by A. W. Roper of Winchester, Iowa. Two sessions will be held for the purpose of singing hymns and songs.

It is expected that the convention will be the most successful yet held in Dothan.

## PARTLY BURNED HOUSES TO GO, IS SUGGESTED

It has been suggested that the partly burned houses in Dothan be torn down before the three days session of the Annual convention of the Alabama Sunday School Association here in April. Partly destroyed houses are located in various sections of the city, and as they will eventually be torn down, it is planned to have this done right away in order to make the city as presentable as possible.

## TEACHERS MEET IN MONTGOMERY

**Dothan and Houston County Teachers to Attend Alabama Educational Association Meeting.**

Several of the High School teachers and a few from the Rose Hill and Grammar Schools are going to attend the annual convention of the Alabama Educational Association in Montgomery Thursday, Friday and Saturday.

The convention will probably be organized by noon Thursday, and will be in session through Saturday. A number of interesting features are on the program, and learned people will speak on the various subjects of an educational nature that have been assigned to them.

An interesting part of the association is the Rural Department, which is in session Friday morning from 10 to 12 o'clock. During this period the following program will be rendered:

### Program

1. Uniform Seventh Grade County Examination, Furney Reese, Irondale, Ala.
2. Homes for Rural Teachers, Miss Delphine Fennear, Johns, Ala.
3. Four Years of Progress in Marshall County Schools, Superintendent R. Lee Barnes, Guntersville, Ala.
4. What Supervision Means, Sam J. Chandler, Guntersville, Ala.
5. Living Conditions in Rural Alabama, J. B. Hobdy, State Supervisor of Rural Schools.
6. Industrial Training in Rural Schools, Dr. W. A. Thompson, President University of Ohio.

**Houston Teachers Active.**  
It is believed that rural teachers in this county are greatly interested in this work, and that as many of them as can conveniently do so will attend. Programs were distributed at the meeting in the court house Saturday.

**Do you need tea, glass, plates, dishes, cups, and saucers or anything for your dining room? That's right, you'll find they are cheaper at Greene's 10c Store.**

**First Baptist church.** The afternoon will be devoted entirely to departmental conferences, with lectures and discussions on the practical methods for each department of the Sunday School. Prospective delegates are urged to see the ticket agent at once and make certain of the tickets at the reduced rates. Those desiring hotel reservation should arrange for same immediately, as the attendance promises to be large from all sections of the

## REIDY SIGNS ATLANTA BOY

**"Lefty" Terry, Who Tried Out With Crackers, May Twirl For Dothan Club This Season.**

"Lefty" Terry, an Atlanta left-hander, has been signed by Manager Jack Reidy and may be a member of the Dothan Club's pitching staff this season, provided of course, that he makes the team. Dick Jamison, sporting editor of The Atlanta Constitution and president of the league has this to say of "Lefty":

"Lefty" Terry, the young local left-hander, who received a tryout with the Crackers this spring, and was then turned loose has been signed by Jack Reidy, manager of the Dothan club of the Georgia State League. "Terry, if he gets control and shows as much stuff as he has already shown with this control, and learns a few of the finer points of pitching, which he now lacks, should make the Dothan club a winner and not stay there more than this season."

"But primarily he must get control and learn those finer points, which he only can learn from actual work during a regular season. Under Reidy he ought to develop quickly."

## Lawyers Oppose Plan To Combine Courts

The majority of Dothan lawyers are opposed to the consolidation of the Chancery and Circuit courts, as were the majority of visiting lawyers who were here yesterday in conference with the Judiciary Committee. In so far as has been ascertained there are only two lawyers in town who favor combining the courts in question.

The question has caused a great deal of discussion, and is one in which the lawyers are interested, but the majority of them seem to oppose the proposed project.

A banquet and an automobile ride over some of Houston county's good roads were tendered the Judiciary Committee yesterday afternoon.

New York, March 29.—Lady Constance MacKenzie is in New York direct from the wilds of Africa, where she was on a hunting trip. She has a pet monkey which she caught after luring it from the jungle by the music of a phonograph.

"I killed seven lions in one week," she said.

Going to make some money entertaining delegates next week? Then you'd better get your groceries at Greene's 10c Store,—they sell "more for less."

## N. Y. COTTON EXCHANGE PLANS CLEARING HOUSE

New York, March 29.—At a meeting of the clearing house members of the New York cotton exchange today the plans for the new cotton exchange clearing house were formally adopted. Seven incorporators were elected, and it is planned to proceed as rapidly as possible with the details of incorporation of the new organization. It is anticipated that the association, with a membership of at least sixty New York firms, will be in operation by the 1st of June.

## EARLY PEACHES UNHURT

Lynch, Ga., March 29.—Only the late peaches suffered in the recent cold snap is the opinion of expert fruit growers of north-west Georgia, who have examined the trees. The fruit has been killed in the bud and the wild plum is also a heavy sufferer from the cold. The early peach crop, however, is unhurt.

After March 31 No Information Relating to Army and Navy Movements May be Transmitted.

Paris, March 29.—A definite offer to cede to Italy a part of the province of Trent at the close of the war, has been made by Austria, according to the Rome correspondent of the Petit Parisien. The proposal, he says, was made last Thursday, but Italy has not yet replied.

Rome, March 29.—Martial law will go into effect throughout Italy on April 1. While no formal proclamation may be issued, the military establishment will take over all telegraphic and telephone lines and the railroads.

After midnight on March 31, no information relating to the movements of the Italian navy or army may be transmitted. This rigorous censorship has been ordered by royal decree. While the decree covers only the period up to July 20, it will be extended at that time to cover the entire period of the war.

This is one of Italy's final steps in its war plans. Mobilization orders will be the next. These are expected at any moment.

## Russian War Ships Coming Back Upon The Bosphorus

**Large Turkish Ship Seen Off in Black Sea and Back, Turk Fleet in Driven Back.**

Rome, March 29.—The Russian submarine today received a dispatch from Petrograd stating that the Austro-German armies in the Carpathians and northern Hungary are in full retreat. Petrograd, March 29.—Russia's Black Sea fleet has begun its long threatened attack upon the Bosphorus, only sixteen miles from Constantinople. After driving back into the straits the Turkish fleet that recently sailed forth for battle it opened a bombardment against the forts on both the European and Asiatic sides of the Bosphorus. The Russian gate to the Ottoman capital.

A large Turkish ship that was cut off in the Black sea and later tried to make its way into the Bosphorus was sunk. This is believed to have been one of the vessels of the Turkish fleet. The dispatches from the Russian naval commander have not yet identified it.

The Russian fleet is believed to be continuing its bombardment of the Bosphorus forts today, but the only information received at the admiralty then related to the attack of Sunday. Rejoicing was caused in Petrograd by the news of the attack upon the Bosphorus, and on sides the hope was expressed that the Russian fleet might be able to force the straits, thus the Anglo-French fleet advanced in attacking the Dardanelles fortifications.

The appearance of a Russian fleet before Istanbul and the capture of the Ottoman capital would signify a national catastrophe, has existed since the days of the

A household remedy of the

treatment of stomach, liver and  
intestinal troubles, has been in-

**And How to Grow It.**  
If you want plenty of this beautiful  
plant, grow it by all means get  
rid of dandruff for it will starve your  
hair and ruin it if you don't.  
It doesn't do much good to try to  
brush or wash it out. The only sure way  
to get rid of dandruff is to dissolve it,  
then you destroy it entirely. To do this,  
get about four ounces of ordinary liquid  
arvon; apply it at night when retiring;  
use enough to moisten the scalp and rub  
it in gently with the finger tips.  
By morning most, if not all, of your  
dandruff will be gone, and three or four  
more applications will completely dis-  
solve and entirely destroy every single  
sign and trace of it.  
You will find, too, that all itching and  
digging of the scalp will stop, and your  
hair will be silky, fluffy, lustrous, soft  
and look and feel a hundred times bet-  
ter. You can get liquid arvon at any  
drug store. It is inexpensive and four  
ounces is all you will need, no matter  
how much dandruff you have. This  
simple remedy never fails.

### NO MORE TROOPS WILL BE SENT TO TEXAS BY THE WAR DEPARTMENT

Denied Any Shots Fired Into  
Brownsville From Mexican  
Side.

Washington, March 29.—No ad-  
ditional troops will be ordered by  
the war department at Brown-  
ville, Texas, at present, despite  
the fact that two persons were  
shot on the American side of the  
line by stray bullets from across  
the border. This announcement  
was made by Acting Secretary of  
War Breckenridge today. He  
explained that the United States  
already has had a squadron of  
cavalry, a machine gun company  
and a battery of field artillery at  
Brownsville.

Secretary of State Bryan said  
today that at the first indications  
that the Villistas were to attack  
Matamoros, the state department  
had sent word to both sides warn-  
ing them against firing across the  
border. He said that no further  
warning was considered neces-

ary. The secretary also announ-  
ced the receipt of a dispatch from  
Consul Johnson at Matamoros  
denying that any shots had been  
fired from Matamoros into  
Brownsville, but declaring that  
shooting from Brownsville across  
the border into Matamoros had  
taken place, and that two men  
were wounded.

### Double Service AUTOMOBILE TIRES

Guaranteed 7000 Mile Service  
Absolutely Punctureproof.

Double Service Tires are double the thickness of the best standard make tires.

This 100% greater wearing surface naturally gives that much more mileage and service. The average of 12 plies of tough fabric and one inch surface tread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire troubles cannot be tolerated. Many Double Service style tires are in use in the United States government and European war service.

Our output is limited a certain amount, but for a short time we offer the following reduced special prices as an introductory offer:

### DOTHAN

The Heart City of the South.

Smith Hall.

You could confer upon me no greater boon than that you permit me to live within the shadow of your fortunate city. I might live long and pray for its growth and prosperity.

Changes of a decade, are constantly interesting. Accomplished as great in your city, the citizens of Dothan must have started with the splendor of your civic life.

Hasn't your city been under the irresistible influence of progressive forces, directed and inspired by live and healthy interested people, who

ed from the Pacific to the troublous waters of the Atlantic seaboard.

The great potentialities that I saw here a decade ago, have been brought to profitable realities; the wide areas of farming lands have been brought in; industrial plants have been built so fast as the demands of agriculture and construction required; public buildings and private storehouses have sprung up like Aladdin's forces were the stirring principles of growth; financial institutions, wholesale houses, extended railroad switching facilities, and chemical reduction works, paved streets, lights, thoroughfares, schools and churches, happy homes and cultured citizens; all have been under the irresistible influence of progressive forces, directed and inspired by live and healthy interested people, who

and the common wealth of all, have made masterful strides in civic growth.

It was my privilege to attend church services at two of your temples of worship last Sunday, four hundred and twenty-nine Beroans were in the Sabbath School department that morning; a splendid tribute to the devout character of your citizens, out of whose homes there come the rare promise of stalwart manliness and womanly promise.

I am told that these great shrines of religious thought under the combined scholarship of their cultured pastors, together with the Biblical educationalists at their command, stand for the high ideals of your citizenship so richly manifest in the rank and file of your people, and but for these, laborious indeed would be the progress of Dothan.

with the bright, clean countenances of your school children, (the little people of power and the fruits of domestic devotion), they show the fine breeding of cleanly homes, of sober and thrifty parents; and but for those wonderful Sunday Schools, of which I have spoken, think you they would be so very fine?

Give me the soul of a saint, held in the pure power of a saintly parenthood, nurtured in the lap of industrious home life, and in it will be the fixed elements of study, manliness, beatific womanhood, safe patriotism and the heart of a home-builder.

Permit me to congratulate you upon your magnificent development as a city again let me say you are indeed fortunate to be chosen as one whose home is east within the walls of this splendid city. I sincerely trust that your

Houston, and many and of great usefulness to your favored city.

Yours,  
Macpherson.

### AGED TAX COLLECTOR

Restored To Health By Vinol

Corinth, Miss.—"I am a city tax collector and seventy-four years of age. I was in a weak, run-down condition. My druggist told me about Vinol. I tried it and in a week noticed considerable improvement; I continued its use and now I have gained twenty pounds in weight, and feel much stronger. I consider Vinol a fine tonic to create strength for old people."—J. A. PRICH.

We guarantee Vinol, our delicate cod liver and iron tonic, for all run-down, weak and debilitated conditions. N. H. McCallum, druggist, Dothan, Ala., and at leading drug stores everywhere.

### FRECKLES

Now is The Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if

### DON'T USE SOAP ON YOUR HAIR

When you wash your hair with soap, most of the natural oil which keeps your hair healthy and makes it shine is washed away. The best thing to use is just plain medicated coconut oil for this purpose and it's just as good. It's very cheap, and beats soap or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dirt, dandruff, and dead skin.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, I always feel like a new man."

Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

His 73 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. M. C. M.

### SOUTHERN CATTLE ARE IN DEMAND

Mississippi Cattle Men Say Their Stock Attracts Attention On Big Markets.

Meridian, Miss., March 29.—Cattlemen report that Mississippi cattle are receiving more attention in the big cattle markets. Better cattle are shipped, as the result of the campaign against the cattle tick, the sharp tipped horn and the poor breed stock. The schools in the South are doing as much as any other agency in effecting the good results, which are now making themselves apparent.

Lauderdale county has been out of tick quarantine some time and the eradication of the tick is noticeable on every hand. Many fine herds of cattle have been placed on stock farms in the county and every indication points to Lauderdale county being in the lead in cattle production in the course of a few years.

giant, but thoroughly expressive. During my forthcoming tour I am going to do my very best to eliminate the objectionable features now existing in society dances. I have worked hard during the last several months devising new dances which are based on the old forms but which I hope will be found unobjectionable to the public.

Of how dancing is idealized and worshipped for its expression of beauty in soul and body, we learn something from this sketch of Paul Swan, artist and dancer, and considered the most beautiful man in the world. Miss Elise Morris in the Southern Woman's Magazine says:

"Was I born in Greece?" Paul Swan repeated my question, a whimsical tilt to his perfectly arched brows. "Greece! Ah, that is one of God's little jokes. I was born in Nebraska."

"From the plowed fields of a Nebraska farm to the land where burning Sappho loved and sang seems a far cry, but this boy has spanned the distance as only a true lover of the ideal and the beautiful can span it. Paul Swan

has been maligned and ridiculed as something eccentric because of his worship of the beautiful in manhood. If the Greeks made sacrifices for such love lines, why should it seem more freakish to protest, to choose beauty as one's dream, even in the twentieth century?"

A reaching out for an undefined ideal was what gave the young Western boy the strength to run away from his father's farm at twelve. After years of hard work, varying in its vicissitudes, to this boy of sensitive nature and beauty-loving soul, success came to him. Money made from painting portraits brought to him, at last, a fulfillment of his life-long desire to visit Greece. To him it was a wanderer returning home. He had come into his own."

### SPECIAL TRAIN COMING.

A special train will be chartered to bring the Mobile delegation to the Sunday School convention here, and will leave Mobile Monday, April 5, at noon, reaching this city Monday night, in time for the delegates to attend the Adult Bible Class convention next morning. ### Pavlova Has Decided Views Concerning Modern Dances—

Dancing in its highest form is an art and one of its most perfect exponents is Anna Pavlova. In a recent article on "Modern dancing," Pavlova declared the tendency to vulgarize the dance. She says:

"Modern American dancing is like the language of the original Americans—it has a host of dialects and ramblings. This, because society dancing is so new, relatively, and because so many new figures have been introduced into it by professionals. Those of us who wish to standardize must become Turpsichorean Esperantists, as it were. We must set up a system in dancing, or else the art will suffer.

Many persons have gained their ideas of what modern society dancing is, from exhibitions by professionals calling themselves "society dancers," and performing on the stage. The idea seems to be prevalent that to dance the tango properly a couple must gallop and cavort around in a large circle, like colts in a half-acre lot, and that as the right and proper finale to a tango, the girl must clasp her hands around the man's neck, and be swung in a wide and dizzy circle with much display of limbs and lingerie. Alas! that is not modern American society dancing; it's a direct imitation of the Apache dancing in the lowest quarters of Paris.

The attempt to introduce stage dancing into a ball room is the first of the seven cardinal sins. The others are summed up by one of my intimate American friends as:

"shimmying, hugging, ragging, sagging, romping, steamboating." The dearest is decidedly last.
